**RESPONSE TO RESTRICTION REQUIREMENT**

Responsive to the Restriction Requirement, dated March 3, 2006, Applicant hereby elects Species 1, with traverse corresponding to claims 1-4, 6-7 and 16-19. The Examiner indicated that the species are deemed to lack unity of invention because they are not so linked as to form a single general inventive concept under PCT rule 13.1. Applicant respectfully submits that nowhere does the International Search Report mention the lack of unity of the invention. Therefore, the restriction requirement is not proper.
